

EUROPEAN SPACE AGENCY
SOLAR SYSTEM WORKING GROUP

120th SSWG Meeting

to be held on

10-11 JANUARY 2006

(starting 10.30 hrs on 10th and ending at approx. 16:30 hrs on 11th)

at ESA Headquarters (Room 137)
8-10, rue Mario Nikis
Paris 15^{ème}

Draft AGENDA

1. Adoption of Draft Agenda (SOL(2006)1)
2. Welcome to the new members
3. The launch of Venus Express
4. The Outcome of the Ministerial Conference and Cosmic Vision outlook
5. Future mission studies
 - 5.1 EXOMARS: outcome of the Ministerial Conference and future outlook
 - 5.2 Status of Technology Reference Studies (TRS) in support of preparations for the Cosmic Vision Programme
 - 5.3 The ESA-NASA Jupiter system working group: the Paris Workshop and the UCLA meeting
 - 5.4 China and Lunar Exploration
6. Satellites in orbit (review for the benefit of the new members)
 - 6.1 Ulysses
 - 6.2 SOHO
 - 6.3 Cluster
 - 6.4 Double Star
 - 6.5 Mars Express
 - 6.6 Rosetta
 - 6.7 Cassini/Huygens
 - 6.8 Smart-1

7. Nationally led projects
 - 7.1 Proba 2
 - 7.2 Metnet precursor
 - 7.3 SWARM
8. Cluster CAA status
9. SMART-1: review of scientific results
(presentations by Principal Investigators on 11th January, 9:30 hrs)
10. Solar system Science Operation
11. Projects under development:
 - 11.1 BepiColombo: Status report and the MIXS and SIXS instruments situation
12. Projects in preparation
 - 12.1 Solar Orbiter:
 - 12.1.1 Status of Assessment Study, SMP, and planning
 - 12.1.2 Membership of the Solar Orbiter Payload review Committee
 - 12.2 Chandrayaan: Status
 - 12.3 Solar B status of negotiations
13. Any other matter
14. Date and Place of next meetings
